WELCOME

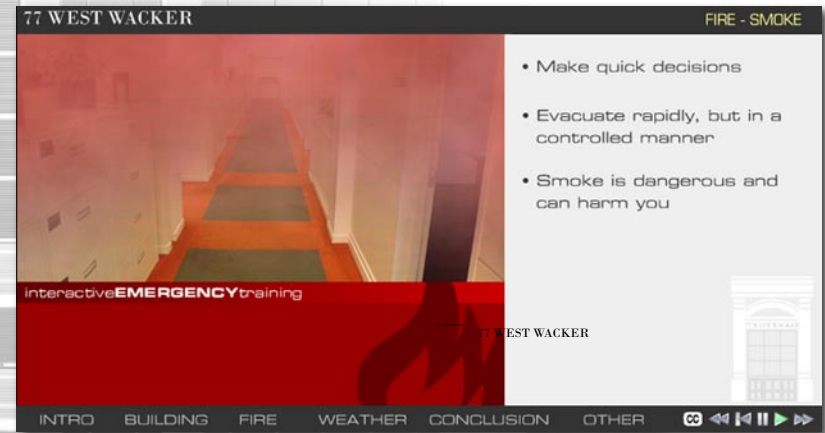

77 West Wacker is pleased to provide its tenants with an online emergency training program. This program is available for your use via the building website located at www.77westwackerdrive.info.

This state-of-the-art tool provides emergency preparedness information specific to 77 West Wacker through an aesthetically pleasing mechanism that integrates 3D graphics, digital images, animation, and voice narration. We encourage using this tool to learn how to relocate and evacuate from the building in case of emergencies.

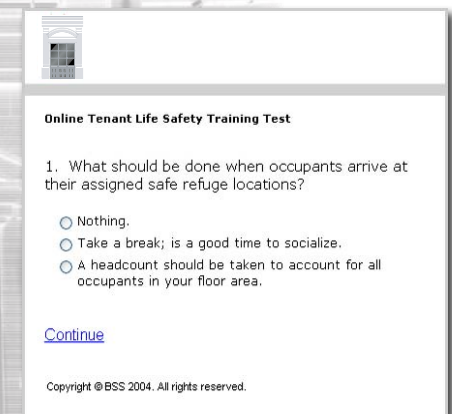

This program also equips you with knowledge about life safety procedures for events such as fires, bomb threats, and medical emergencies in the building.

This online emergency training program is designed specifically for 77 West Wacker and is organized in short modules that are three to seven minutes in length.

Navigation tools allow you to pause, rewind, and fast-forward the information as desired. We encourage you to take advantage of this convenient training tool.

An application will track employees who have participated in the program. A brief quiz is included to ensure your participation and understanding of the information.

This emergency training tool is an amenity that is informative, useful, and can be conveniently accessed from your desktops on a 24-hour, 7-day basis.
